

## who we are

Oliver Rock Chip Repair is a windshield repair company servicing metropolitan Atlanta. Our repair is a permanent, guaranteed process that bonds the glass, restores strength to the windshield, improves the break's appearance and prevents the break from spreading. Below are types of damage we can repair.

### bullseye

Damage to the glass that is primarily a dark-colored circle with an impact hole.

### starbreak

Damage that exhibits a series of short radial cracks or legs.

### stonebreak

A break on the outer layer of a laminated windshield that is less than 3/8 of an inch.

### short crack

A crack on the windshield of 6 inches or less.

### combination break

Any combination of the above, up to 6 inches in length and less than 3/8 of an inch in diameter at the origin.
