

The College of Health has enjoyed remarkable growth and success since its inception in 1988. The generosity of friends and alumni has been integral to the accomplishments of the College, and remains vital to its future.

Achieving quality and excellence in education is a challenging goal. It requires exceptional faculty, the latest technology, and gifted students. Another important component to continued success is an ongoing financial commitment from outside sources.

By providing an annual gift to the Dean's unrestricted account, you can make a difference in the future of Jacksonville healthcare. Your donation will be used to support a broad range of activities for the College of Health including scholarships, academic enrichment, conferences, faculty development, alumni activities, and other important College enhancements.

You can be confident that your investment will be used wisely to further the development of excellence in the College of Health. Our students, faculty, and volunteer leaders appreciate your consideration and we welcome your questions or comments.

**Pamela S. Chally, PhD, RN**  
Dean
